

The Watertown Firefighters are proud to endorse Marilyn Petitto Devaney for reelection as Governor's Councilor.

Marilyn has a record of dedication and accomplishment. Marilyn has brought her reputation of integrity to the Governor's Council and has made a difference. She was concerned that judicial candidates could give political donations to Governor's Councilors. Marilyn acted and sought legislation to prevent such contributions. The Governor responded to her and through Executive order prohibited any judicial applicant from making such political contributions while the candidate is seeking appointment.

Marilyn goes beyond the call of duty throughout her tenure; one of these efforts was when she worked on and even testified at hearings, to have the makeup of the Parole Board members (which the Governor's Council votes on) are in accordance with law. Before she votes on judicial appointees and other various boards, she gives much of her time to investigation, community outreach and citizen involvement.

Marilyn deserves to be reelected. She is honest and hardworking and has clearly demonstrated her commitment to her over 800,000 constituents in thirty-eight communities.

Joseph Costa, President, Local# 1347 Watertown Firefighters
