Attention Pat Demay

Dear Madam:

It has come to the attention of this department, thru complaints and an on-site inspection, that the construction of a new pitched roof is being performed on the two existing multi-family dwellings located at Westledge Drive, Norwich, Ct.

Our records indicate that the proper permit was never filled for nor obtained from this department, as per section 112.0 of the State of Connecticut Basic Building Code.

- A STOP WORK ORDER is now invoked on the property, and the construction SHALL NOT resume until the proper permits has been obtained from this department, section 122.1 of the Code.

Any work that continues after the serving of this stop-work order shall be deemed a violation. Any person responsible for such violation shall be liable to a fine of not less than \$25.00 or more than \$500.00. Each day that the violation continues shall be deemed a separate offense, section 122.2 of the Code.

If you have any questions in regards to this matter, please feel free to contact this office, Monday thru Friday, from 8:30 to 4:30.

Very truly yours,

Chris Hempsted
ASSISTANT BUILDING INSPECTOR
