Defense: Play hard-nosed, attacking defense. We have to improve our open field tackling and run defense.

An Inside Look...

Offense: Our offensive line is our strength. We return three starters, Shane, Ethan, and Levi. All three are over 230 pounds and athletic.

Defense: Like on offense, we will be strong up front. I think our linebacker, even though inexperienced, will be athletic and hard hitting.

An Inside Look...

Offense: Things never really change for us from year to year. We are going to run the football and try to use the triple option to put pressure on the defense.

Defense: Our philosophy first and foremost is to always stop the run. We have evolved our 4-3 into a 4-2-5 in hoped of continuing to stop great high school ground games while having more felxability in the attempt to slow down the spread offenses that are on our schedule.

An Inside Look...

Offense: Establish good running game, set up play action passing. If we can control the line of scrimmage we should be okay.

Defense: We've got a good prospect on our front seven. We will attach with seven, and sometimes eight to get to the quarterback. Our secondary is much improved as well.
